

# Native Forest Creation Workshop

Alaap in collaboration with [Afforestt](#) is conducting a workshop on how to create a native forest using the Miyawaki method. And this is at 6000ft. above sea level!

Why Miyawaki method? Compared to conventional plantations, these forests grow:

- ▶ 10x faster!
- ▶ 30x denser!!
- ▶ 100x biodiverse!!!
- ▶ 100% Organic!!!!

## The workshop will include:

1. Species Research
2. Soil Study and Analysis
3. Research & Select Material for Soil Nourishment
4. Preparing a "Bill of Material"
5. Creating the Execution Design
6. Tools Selection & Workers Training
7. Earthwork & Soil Preparation
8. Sapling Layering & Plantation
9. Mulching & Mound Protection
10. Forest Maintenance & Growth Monitoring

# Come Create a Native Forest in the Himalayas

*"Reforestation of the earth is possible, given a human touch."  
- Sandra Postel and Lori Heise*

Our work site

Our reference forest

When: 2<sup>nd</sup> to 6<sup>th</sup> August, 2017

Fees: ₹ 86,000 for Indian Nationals

Where: Village Satkhol, Uttarakhand.

\$ 1,400 for Foreign Nationals

The closest airport is New Delhi and railway station is Kathgodam. Our site is 2.5 hours by taxi from Kathgodam.

(includes accommodation & meals )
